WE SHIP IN EVERY EU COUNTRY.**

## PERCHÈ UTILIZZARE TALEE DI DAHLIA?

Sono sempre di più i coltivatori che decidono di ricorrere all'uso delle talee per le loro coltivazioni di dahlie, ed i motivi sono molteplici.

- Le talee di dalia radicate possono essere coltivate come qualsiasi altro trapianto primaverile, richiedendo quindi sforzi di gran lunga minori rispetto all'impianto dei bulbi.
- Le talee radicate fioriranno 1-2 settimane prima delle dahlie coltivate da tubero.
- Le piante svilupperanno radici e bulbi che possono essere piantati l'anno successivo.
- Scegliere di coltivare le dahlie come una qualsiasi pianta di ciclo annuale può dare la possibilità di sviluppare un raccolto consistente anche a quei coltivatori dai mezzi di lavorazione limitati o che non hanno la possibilità di conservare un alto numero di bulbi.

RIASSUMENDO, SCEGLIERE L'USO DELLE TALEE RADICATE COMPORTA:

- MINORE FATICA
- MAGGIORE RESA
- PIANTE E FIORI DI MAGGIORE QUALITÀ

# KNOW HOW, RELIABILITY & QUALITY

Forte di oltre 30 anni di esperienza e successi nella produzione di piante di qualità e con l'aiuto di collaboratori fidati ed esperti, la nostra azienda familiare è in grado di rispondere in modo efficace ai mutamenti del mercato, grazie all'affidabilità che ci contraddistingue da sempre.

Puntiamo in primo luogo sulle premesse per una coltivazione sana e sicura che possa garantire prodotti di alta qualità ed affidabilità.

Nella nostra azienda, gran parte del lavoro si svolge ancora a mano e senza l'ausilio di mezzi robotici: questo perchè è nostra opinione che per garantire una pianta di qualità, è giusto dedicare ad ogni singola piantina la giusta attenzione.

Abbiamo scelto di puntare su produzioni limitate, artigianali, forti del sapere che ci è stato tramandato dalle generazioni precedenti.

## GIOVANI PIANTE DELLA PIÙ ALTA QUALITÀ

Le nostre giovani piante di Dahlia sono il prodotto della migliore qualità disponibile sul mercato che costituisce la base per ottenere una bella pianta per risultati garantiti.

Le talee vengono prelevate dai nostri tuberi madre al loro primo anno e sono disponibili come giovani piante nel formato da 6, 8 o 32 fori oppure nel vaso semipronto da 9 cm.

Con i nostri metodi di coltivazione, frutto di un grande studio di metodologie utilizzate negli Stati Uniti ed in Inghilterra, nonché ricorrendo alla lotta biologica, si ottengono risultati eccellenti e di evidente qualità.

L'impiego di predatori naturali sulle piante madri e nella radicazione delle talee evita lo sviluppo di resistenza rispetto ai pesticidi chimici.

### LE MIGLIORI VARIETA'

Ci impegniamo per offrire varietà premiate e frutto del lavoro dei migliori ibridatori di dahlie a livello mondiale.

Per noi è molto importante ricercare in tutto il mondo le varietà più particolari e più richieste dal mercato e, dopo un attento periodo di trial per verificarne le caratteristiche e la loro risposta al nostro clima, proporle a tutti i nostri clienti con la sicurezza di risultati eccezionali.

Chi sceglie le nostre varietà ha la certezza di acquistare piante adatte ad essere coltivate sul nostro territorio, potendo contare inoltre su un assortimento comprendente dahlie spesso difficilmente reperibili sul mercato europeo.

# Decorative

The varieties in this category are some of the most beautiful and romantic you can grow. Tall plants are loaded with fully double blooms all season long.

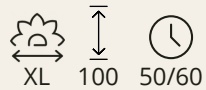

## APACHE

Apache, a border dahlia, are a specially bred fimbriated Dahlias. Height 100-120cm. Dahlia Apache produce bright scarlet flowers on reliable, sturdy stems.

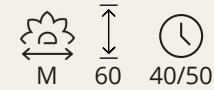

## CAFÉ AU LAIT

One of the most popular varieties. The massive informal decorative dinner plate-sized blooms resemble pastel silk pillows. Popular with brides and wedding designers, flowers are the most unusual blend of pale creamy blush.

## ARNHEM

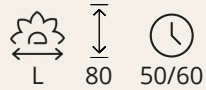

This decorative dahlia is a Border dahlia. This blood-red dahlia produces many flowers, height 60cm, blooms all summer long. Suitable for use as pot plant or patio plant.

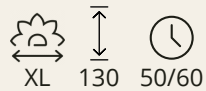

### COLORADO CLASSIC

Dahlia Colorado Classic is a floriferous variety. The large dinnerplate lilac-pink blooms have a white center which give the flowers a fresh appearance.

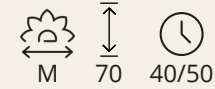

### FERNCLIFF ILLUSION

Dahlia Ferncliff Illusion is a white dinnerplate dahlia with delicate lilac tips. The flower has a slightly frivolous appeal thanks to its pointy leaves that look as if they are dancing. The plant remains firmly upright and grows quite tall even during inclement weather.

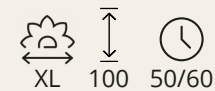

### DIANA'S MEMORY

Dahlia Diana's Memory is a homage to Princess Diana's beauty. The cream colored flowers have a soft yellow heart and colors from cream to pale pink. Dahlia Diana's Memory is floriferous and compact... Is a favorite cut flower due to its sustainable qualities.

### FROST NIP

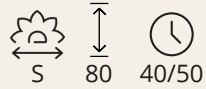

Dahlia Frost Nip has rust orange flowers which interchange with an almost white variety. The different colored Frost Nip blooms all come from the same plant, how amazing is that?

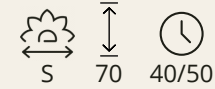

### GIDEON

Really beautiful dahlia that gets black to deep dark red small flowers with a diameter of about 8cm. The plant grows to about 80cm tall.

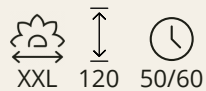

### GOLDEN SCEPTER

The large, healthy plants of this cheerful variety produce small, glowing yellow flowers in abundance all season long. The petite blooms are perfect for mixed bouquets and wedding work, and their long stems make them a nice cut flower.

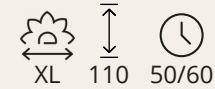

### KELVIN FLOODLIGHT

Perhaps the largest of all, this giant dinnerplate dahlia features huge and magnificent, bright sunny yellow blossoms.

The impressive double flowers up to 30cm remain upright and straight, even when it rains.

### LAVENDER PERFECTION

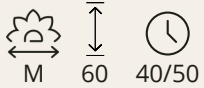

This large-flowered, lavender beauty produces armloads of blooms all season long. Great in large arrangements and wedding work. The star of the summer garden.

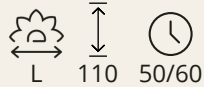

### MAYA

The Maya dahlia has been around for many years and is still a favorite. The pastel colored mix of pink and salmon create a romantic feel.

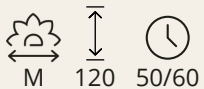

### NONETTE

A 'historic' dahlia that evokes romantic gardens, rich in crimson red brushstrokes on pink petals with flowers up to 15 cm wide.

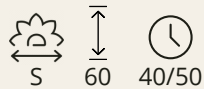

### NOORDWIJKS GLORIE

This gorgeous, butterscotch-colored dahlia is named for a town in one of Holland's oldest bulb growing regions. The flowers of Noordwijks Glorie are large, with long, dark, wiry stems that are excellent for cutting.

### ORANGE NUGGET

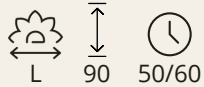

Dahlia with bright shiny and luscious flowers in the sunniest of orange. These colourful blooms have scooped and rounded petals.

Although only about 10cm in diameter 'Orange Nugget' will make a great impact.

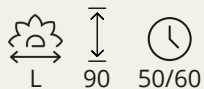

### PINK PETTICOAT

Dahlia Pink Petticoat has an extremely well-chosen name: it truly has the appearance of a petticoat, a gracefully flowing dress in shades bleeding from white to pink. Pink Petticoat is a beautiful cut flower for bouquets

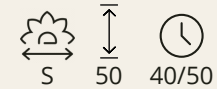

### SEATTLE

This fun yellow and white bicolor novelty always adds a cheerful twist to bouquets. The large flowers are reminiscent of golden candy corn and sit atop tall, strong stems. If you're in the mood for something different, be sure to try this treasure out.

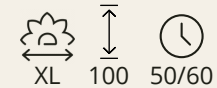

### PRINCESS ELISABETH

Princess Elisabeth is a stunning new Decorative Dahlia variety with beautiful bi-colour flowers in a mixture salmon-pink and soft yellow shades. Despite the low stature of the plant, which would make it more suitable for growing in pots, its stems are also very popular as cut-flowers.

### SHILOH NOELLE

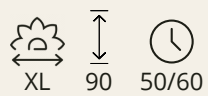

Dahlia Shiloh Noelle has a truly striking appearance. It is not that popular but we think it can be an excellent successor to the Cafe au Lait dahlia. The Shiloh Noelle dahlia plant is more refined and a little shorter than the Cafe au Lait. This sturdy plant can carry these large flowers easily.

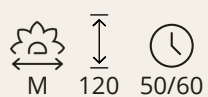

### SHOW 'N TELL

Show 'n Tell is a dahlia with a playful appearance with its flaming red-orange color and whimsical petals. With this dahlia you have a real attention grabber right there in your garden. These flowers last really well.

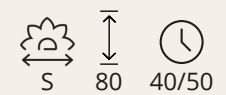

### VECTRA

Good variety for cut-flowers with long stems. The large head of this flower has a characterful pom-pom head made up of double petals that swirl around a dense centre. Each petal contains tones of yellow and orange resembling a sunset.

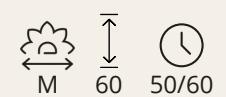

### SMILING DON

Dense, double dark purple flowers that do not show a disc. The petals are broad, occasionally rolled but mostly flat or slightly twisted with a blunt, rounded tip. Very vigorous plant that produces an infinite number of stems, convenient and recommended for cut flowers production.

### VERDI

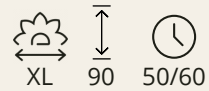

This variety comes with red-purple flowers edged in white on sturdy stems that are perfect for cutting. A strong bloomer, this plant features a compact form making it perfect in containers or borders in the landscape. Similar to a Yarra Falls but with smaller flowers.

## YARRA FALLS

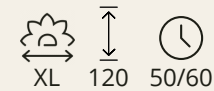

Yarra Falls dahlia has gigantic purple-red flowers with white dots. A dahlia with a fresh and cheerful look because of its curled petals. A Yarra Falls dahlia tuber grows into a medium sized plant which produces many flowers.

## Cactus & Semi-Cactus

Cactus and semi-cactus dahlias feature double flowers with long pointed ray petals that revolute or roll back along half their length, giving the flowers a spiky look.

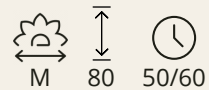

## AC DARK HORSE

For intensity of color, it's hard to match the large, purple-red blossoms of 'AC Dark Horse,' a vivid semi-cactus variety. The pointed petals are tipped and variously streaked in white, an effect that only accentuates the rich color.

## BORA BORA

This dahlia's semi-cactus blooms with their tubular spikes standing flat from a centre cluster of erect short petals, bring to mind the excitement, energy and vitality of an island holiday. These flame-like blooms creates a real show as the dahlia presents explosive flowers which radiate bright yellow petals deeply edged with bright pinkish red!

### MINGUS RANDY

XL 100 50/60

Dahlia Mingus Randy blooms early and continues to bloom all summer. The large cactus-like or spindle shaped flowers from dahlia Mingus Randy continue to bloom.

### HOLLYHILL COTTON CANDY

L 170 50/60

A whimsical dahlia with light pink petals. It will add a fun twist to your garden. A great flower for cutting with extremely long, straight stems.

### FIRED UP

XL 110 50/60

Dahlia Fired Up lives up to its name. The plethora of pointy, slightly fringed petals borne by this plant look exactly like orange and yellow flames. You can be assured that this dinnerplate dahlia will create fireworks in your garden! Fired Up is also what is referred to as a 'deer antler dahlia' because of the split ends of the petals. Experts call this phenomenon fimbriata.

### KENNEMERLAND

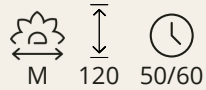

L 90 50/60

This one metre plant, when it's covered in bright and cheerful cactus-style flowers, certainly does its best. The long petals have the typical cactus dahlia tubular spikes as a background to the tight centre ball of petals. The cheery yellow Dahlia 'Kennemerland' will stand out wonderfully against the green foliage of this dahlia.

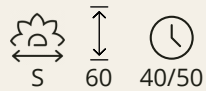

### MY LOVE

The yellow heart of the pristine white semi-cactus dahlia seems to shine a light from the centre of the rayed cactus-style flower. Although there is indeed a touch of green to that shining heart, this pure beauty is not the jealous type!

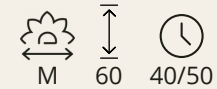

### RED PYGMY

The multiple blooms this little pack of dynamite will present you with between midsummer and the autumn frosts, will blow your mind, just as will the bright red flowers which will provide small explosions of fire.

### PLAYA BLANCA

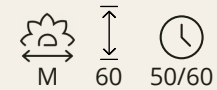

The plant of Dahlia 'Playa Blanca' is compact, bushy and clump-forming and will produce a large number of flowers.

White and very spiky the dwarf semi-cactus Dahlia 'Playa Blanca' will shine like a small star in your garden.

### TAHITI SUNRISE

The Tahiti Sunrise dahlia is long flowering plant which produces brightly colored flowers. Your garden will be turned into a colorful delight with a few Tahiti Sunrise dahlias. The bright red flower points run into a cool yellow center giving a fresh effect.

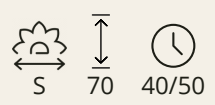

# Ball & Pompom

The round, ball shaped blooms found in this group of plants are some of the longest lasting cut flower dahlia varieties you can grow.

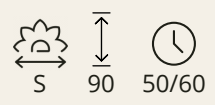

## NESSCIO

Nescio is a small-flowered, ball dahlia with an erect habit. Its divided foliage is dark-green. In summer and autumn it bears fully-double bright red flowers.

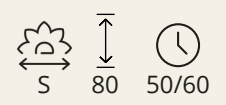

## SANDRA

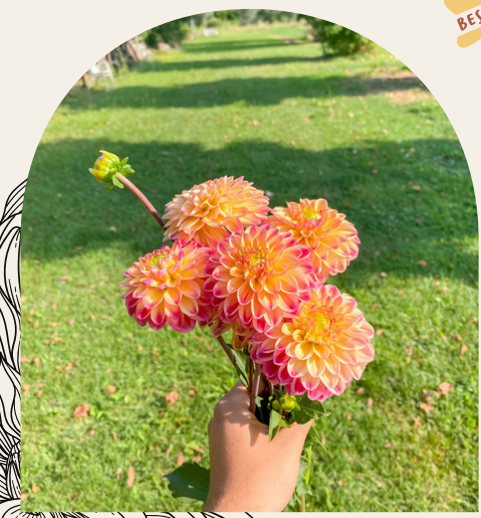

Sandra is a beautiful pink ball dahlia that has really strong, long stems on nice foliage, perfect for cutting and with great performance in bouquets and arrangements.

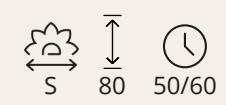

## SUNNY BOY

'Sunny Boy' is sunny by name and definitely sunny by nature. Bright yellow flowers, a reddish orange centre and with faint red markings on the outer edges of the petals. Long stems great for cutting.

## WIZARD OF OZ

The Wizard of Oz dahlia is cute pompom dahlia. Very popular on Instagram posts. Probably because of its pale pink color in combination with the small pompoms. The Wizard of Oz dahlia has flowers aplenty.

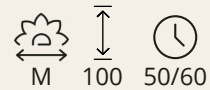

# Trial varieties

These varieties are still in trial at our research department.

They are available to order in 6-hole format only and availability is limited.

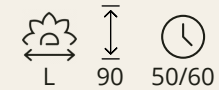

## OKAPI'S SUNSET

Dahlia Okapi's Sunset is an amazing dahlia in terms of colour. Its name was certainly well chosen. The yellow, orange and salmon hues – the colours of a sunset in late summer – of Okapi's Sunset blend into one another. The elegant way in which the petals curl is typical of this type of dahlia, which is referred to as a 'semi-cactus'.

## LADY LIBERTY

The Lady Liberty dahlia stands for freedom in the shape of pure white flowers. Attractive fresh flowers which stand out in your garden. Dahlia Lady Liberty's petals are bent slightly backwards which provides a decorative effect.

# Ordinazioni

Per ordinare puoi compilare il modulo d'ordine allegato ed inviarlo via mail a:  
curridorricardo@gmail.com  
ordini@curridor.it

Se sei un nuovo cliente o vuoi ulteriori informazioni o chiarimenti sul procedimento d'ordine contatta:
